

Regulatory Data Sheet

Global Chemical Inventory Compliance

All components of this product are compliant with the country/region Chemical Inventories as per the following table or are exempt:

Country/Region	Inventory	Status
Australia	AICS	Yes
Canada	DSL	Yes
Japan	ENCS	Yes
China	IECSC	Yes
Korea	KECI	Yes
New Zealand	NZIoC	Yes
Philippines	PICCS	Yes
Europe	REACH	Restricted
United States	TSCA	Yes

Food Regulations

Allergens (Food)

To the best of our knowledge, there are no substances present in the Product that are listed in Annex IIIa of Directive 2007/68/EC of the European Parliament and of the Council: cereals containing gluten (i.e. wheat, rye, barley, oats, spelt, kamut or their hybridised strains), crustaceans, eggs, fish, peanuts, soybeans, milk (including lactose), nuts (i.e. Almond (*Amygdalus communis* L.), Hazelnut (*Corylus avellana*), Walnut (*Juglans regia*), Cashew (*Anacardium occidentale*), Pecan nut (*Carya illinoensis* (Wangenh.) K. Koch), Brazil nut (*Bertholletia excelsa*), Pistachio nut (*Pistacia vera*), Macadamia nut and Queensland nut (*Macadamia ternifolia*)), celery, mustard, sesame seeds, sulphur dioxide, sulphites, lupin or molluscs and products thereof. We are unaware of any potential sources for the introduction of any substances of concern from the manufacturing and packaging processes, nor from the packaging components themselves. We do not specifically analyze for the presence of these substances. Therefore, we cannot guarantee the level of these substances to any specific limit or threshold value.

Animal Derived Components (BSE/TSE)

To the best of our knowledge, this product is not manufactured or formulated with ingredients of animal origin.

Halal

This product is not Halal certified.

Kosher

This product is not Kosher certified.

General/Global Regulations

Biocide

The Product does not contain substances that function as a biocide or an in-container preservative.

Composition Statement

The Product composition is considered proprietary. In the absence of a Confidential Disclosure Agreement, the only information that may be disclosed is the public information available on the Safety Data Sheet (SDS).

Global Food Status

In response to your request for food additive/food contact information, see attached opinion.

Depending on the specific details of your intended use, the clearances indicated may require certain additional conditions and/or limitations. We would welcome inquiries as to how such conditions and limitations may affect the status of the Product for your specific application.

Materials from Genetically Modified Organisms

To the best of our knowledge, there are no raw materials, including additives, that have been derived from genetically modified organisms (GMO).

Origin

The Product is made from solely synthetic sources.

Substances and Compounds

"The following substances are not expected to be present in this Product. We may not specifically analyze for the presence of these substances in the Product. Therefore, we cannot guarantee the absence or level of these substances to any specific limit or threshold value:

- Alkylphenol Ethoxylates (APEOs) and Alkyl Phenols (AP)
- Aromatic Amines
- Azo Compounds
- Bisphenol Compounds including Bisphenol A (BPA)
- Ceramic fibers
- Chlorofluorocarbons (CFC)
- Dimethyl fumarate
- Fluorotelomers, Perfluorooctanoic acid (PFOA), or Perfluorooctane sulfonate (PFOS)
- Formaldehyde
- Glycol Ethers classified as Reprotox 1A or 1B
- Halogenated flame retardants
- Hydrochlorofluorocarbons (HCFC)
- Hydrofluorocarbons (HCF)
- Latex, natural rubber
- Ozone depleting substances (Class I Ozone Depleting Substances as defined by the United States 40 CFR Part 82 and the European Regulation EC 2037 / 2000)
- Phenol (CAS# 108-95-2)
- Phthalates - as listed on the EPA Phthalates Action Plan
- Polyaromatic Hydrocarbons
- Polybrominated biphenyls (PBB)
- Polychlorinated biphenyls (PCB)
- Polybrominated diphenyl ethers (PBDE)
- Polyvinylchloride (PVC)
- Radioactive substances

Metals/Elemental Impurities:
Antimony/Antimony Compounds
Arsenic/Arsenic Compounds
Beryllium/Beryllium Compounds
Boron/Boron Compounds
Cadmium/Cadmium Compounds
Cerium/Cerium Compounds
Chromium/Chromium compounds
Gold/Gold Compounds
Lithium/Lithium Compounds
Lead/Lead Compounds
Manganese/Manganese Compounds
Mercury/Mercury Compounds
Nickel/Nickel Compounds
Selenium/Selenium Compounds
Silver/Silver Compounds
Strontium/Strontium Compounds
Tantalum/Tantalum Compounds
Tellurium/Tellurium Compounds
Thallium/Thallium Compounds
Tungsten/Tungsten Compounds
Vanadium/Vanadium Compounds

Therefore, this product should meet in principle the concentration limits of the following:

§ EU Directive 2011/65/EU(RoHS 2)
§ EU Directive 2000/53/EC (and amendments)
§ EU Directive 94/62/EC (and amendments)
§ CONEG"

Europe Middle East Africa and India Regulations

REACH

For information on our products and the European Union regulation for Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH), visit the Dow REACH page <https://reach.dow.com/en-us>.

If any Substances of Very High Concern (SVHC) listed on the ECHA candidate list are above the reportable limits they will appear in Section 15 of the European SDS. We cannot guarantee the absence of traces of SVHCs in our products coming from raw materials up the supply chain as we usually do not measure them.

For silicone product specific SVHC information, please find our searchable SVHC letter included on the Dow REACH Silicone Information page <https://reach.dow.com/en-us/silicone-info>.

North America Regulations

California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986)

This product contains no listed substances known to the State of California to cause cancer, birth defects or other reproductive harm, at levels which would require a warning under the statute as of the effective date of this regulatory datasheet.

Conflict Minerals (Dodd-Frank Wall Street Reform and Consumer Protection Act)

See the completed Conflict Minerals Reporting Template (CMRT) version 5.12 on the EHS Portal: <https://consumer.dow.com/en-us/technical-support/ehs-portal/food-and-water.html>.

TSCA 12b

We have reviewed the composition of the Product for the presence of TSCA 12b listed substances. Based on that review,

the Product does not contain chemical components subject to TSCA section 12(b) export notification.

Volatile Organic Compounds (VOC)

For VOC information, please consult your local EHS contact.

Product Stewardship

The Dow Chemical Company and its subsidiaries ("Dow" has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis for our Product Stewardship philosophy by which we assess the safety, health, and environmental information on our products and then take the appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with Dow products—from the initial concept and research, to manufacture, use, sale, disposal and recycle of each product.

Customer Notice

Dow strongly encourages its customers to review both their manufacturing processes and their applications of Dow products from the standpoint of human health and environmental quality to ensure that Dow products are not used in ways for which they are not intended or tested. Dow personnel are available to answer your questions and to provide reasonable technical support. Dow product literature, including safety data sheets, should be consulted prior to use of Dow products. Current safety data sheets are available from Dow.

Medical Applications Policy

NOTICE REGARDING MEDICAL APPLICATION RESTRICTIONS: Dow will not knowingly sell or sample any product or service ("product" into any commercial or developmental application that is intended for:

- a. long-term or permanent contact with internal bodily fluids or tissues. "long-term" is contact which exceeds 72 continuous hours;
- b. use in cardiac prosthetic devices regardless of the length of time involved ("cardiac prosthetic devices" include, but are not limited to, pacemaker leads and devices, artificial hearts, heart valves, intra-aortic balloons and control systems, and ventricular bypass-assisted devices);
- c. use as a critical component in medical devices that support or sustain human life; or
- d. use specifically by pregnant women or in applications designed specifically to promote or interfere with human reproduction.

Dow requests that customers considering use of Dow products in medical applications notify Dow so that appropriate assessments may be conducted. Dow does not endorse or claim suitability of its products for specific medical applications. It is the responsibility of the medical device or pharmaceutical manufacturer to determine that the Dow product is safe, lawful, and technically suitable for the intended use. **DOW MAKES NO WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE SUITABILITY OF ANY DOW PRODUCT FOR USE IN MEDICAL APPLICATIONS.**

Disclaimer

NOTICE: No freedom from infringement of any patent owned by Dow or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, the Customer is responsible for determining whether products and the information in this document are appropriate for the Customer's use and for ensuring that the Customer's workplace and disposal practices are in compliance with applicable laws and other governmental enactments. Dow assumes no obligation or liability for the information in this document. **NO WARRANTIES ARE GIVEN; ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED.** For additional information, not covered by the content of this document, contact us via our web site http://www.dow.com/products_services/.
